The Facts

Extra Height - All of our winch up masts can be supplied with a manual lift 1 metre height extender which is 35 x 35mm box section. This is suitable for use on smaller head loadings.

Protection - The whole range come zinc plated in silver to protect both outside and inside the mast. They also can be powder coated in black by special request.

Super Strong Steel - The winch up mast range are extremely strong and can be used in harsh environments, they can operate perfectly in freezing temperatures, dusty environments and sandy conditions.

Certified - All masts meet the European standard of CE (2006/42/CE) and are approved by DEKRA, a professional security certificate BGV C1 (GUV-VC1) and BGG 912.
